Log No: 2025-09-06232

Dear Risa Thomas;

Thank you for contacting our department. We have reviewed the materials you provided for the proposed *IHGBC HUD Eagle Hill Project* within the Shoalwater Bay Indian Reservation.

We concur with the determination of No Historic Properties Affected with the stipulation for an unanticipated find plan.

We would appreciate receiving any correspondence or comments from concerned tribes or other parties that you receive as you consult under the requirements of 36CFR800.4(a)(4).

Should archaeological or historic materials be encountered during project activities, work in the immediate vicinity must stop, the area secured, and the Tribe's Cultural Department and this office must be notified.

These comments are based on the information available at the time of this review and on the behalf of the State Historic Preservation Officer in conformance with Section 106 of the National Historic Preservation Act and its implementing regulations 36CFR800. Should additional information become available, our assessment may be revised. Thank you for the opportunity to comment and a copy of these comments should be included in subsequent environmental documents.

Sincerely,
