All claims by SBIT against CONTRACTOR shall be made in writing and submitted to CONTRACTOR within ten (10) calendar days from the date of the occurrence of the dispute.
- 8.4** Presenting Claim. In presenting the claim and supporting documentation, CONTRACTOR shall specifically include, to the extent then possible, the following:

- 8.4.2** A narrative which describes the facts and outlines the analysis of responsibility and causal connection of the claim including: (i) A brief summary of the claim and the facts pertinent to the claim; (ii) The specific Contract provisions on which the claim is based; (iii) A description of the relative responsibilities of each party giving rise to the claims; (iv) A description of the cause and effect relationship between the relevant acts and omissions of the specific responsible parties and the damages or additional costs claimed; (v) Documentation which supports the narrative including schedules, graphs, charts, photographs, and any other pertinent documents or information; (vi) Quantitative analysis and presentation of requested additional compensation and/or the additional time including: (A) A summary of additional compensation and/or additional time requested; (B) Supporting calculations, sub calculations, cost data and

documents including proof of expenditures to support the claimed additional compensation and/or additional time.

- 8.5** All claims by CONTRACTOR shall be made in writing and submitted to the Contracting Officer for a written decision.
- 8.6** The Contracting Officer shall, within _____ (60 unless otherwise indicated) days after receipt of the request, decide the claim or notify CONTRACTOR of the date by which the decision will be made.

- 8.10** CONTRACTOR hereby acknowledges and irrevocably consents to the exclusive personal and subject matter jurisdiction of the Tribal Court or other Tribal dispute resolution entity or mechanism of the Tribe over any dispute, suit or other legal action that may be filed relating to the Contract, provided that this provision shall not be deemed to be a waiver of the sovereign immunity of the Tribe or SBIT, which immunity is hereby expressly asserted, and provided further that any order, judgment or award of such Court or dispute resolution entity or mechanism in favor of SBIT and against CONTRACTOR may be registered or enforced in any court of competent jurisdiction.

9. CHANGES

- 9.1** SBIT may at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this Contract in the services to be performed or supplies to be delivered.
- 9.2** If any such change causes an increase or decrease in the hourly rate, the not-to-exceed amount of the Contract, or the time required for performance of any part of the work under this contract, whether or not changed by the order, or otherwise affects the conditions of this contract, SBIT shall make an equitable adjustment in the not-to-

exceed amount, the hourly rate, the delivery schedule, or other affected terms, and shall modify the contract accordingly.

9.4 Failure to agree to any adjustment shall be a dispute under clause Disputes, herein. However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed. - 10.36 Value Engineering.** The Contractor is encouraged to develop, prepare and submit value engineering change proposals (VECP) voluntarily. The Contractor shall share in any Contract savings realized from accepted VECP.

10.36.1 Definitions as used in this clause:

10.36.1.1 "Contract savings" means the estimated reduction in the Contractor's cost of performance resulting from the Tribe/TDHEs acceptance of the VECP.

10.36.1.2 "TDHE costs" means those costs that result directly from implementing the VECP, such as any net increases in the cost of inspection, testing, operations, and maintenance. The term does not include the normal administrative costs of processing the VECP.

10.36.1.3 "Value engineering change proposal" means a proposal that requires a modification to this Contract and results in reducing the Contract price or estimated cost without impairing essential function, characteristics, or quality of the work.

10.36.2 At a minimum the Contractor shall include in each VECP the following information:

- 10.36.2.1** A description of the difference between the existing Contract requirements and that proposed, the comparative advantages and disadvantages of each, and the overall effect of the change on the work of the Contract.
- 10.36.2.2** A list and analysis of the Contract requirements that must be changed if the VECP is accepted, including any suggested specification revisions.
- 10.36.2.3** A separate, detailed cost estimate for both the affected portions of the existing Contract work and the VECP. The cost reduction associated with the VECP shall take into account the Tribe/TDHE's development and operating costs, and include any costs attributable to subcontracts.
- 10.36.2.4** A statement of the time by which a contract change order accepting the VECP must be issued by the Contracting Officer in order to achieve the maximum cost reduction, noting any effect on the contract period or construction progress schedule.
- 10.36.3** Upon receipt of a complete VECP, the Contracting Officer shall consult with the Architect and others as appropriate and will notify the Contractor of the status of the VECP within 30 days of receipt by the Contracting Officer. If additional time is required, the Contracting Officer will notify the Contractor within the 30-day period and provide the reason for the delay and the expected date of the decision.
- 10.36.3.1** If the VECP is not accepted, the Contracting Officer will notify the Contractor in writing, explaining the reasons for the rejection. The Contractor may withdraw any VECP, in whole or in part, at any time before it is accepted by the Tribe/TDHE.
- 10.36.3.2** Any VECP may be accepted, in whole or in part, by the Contracting Officer's award of a modification to this Contract. The Contracting Officer may accept the VECP, even though an agreement on price reduction has not been reached by written order. Failure to reach an agreement on any VECP shall be a dispute under the Disputes clause herein.
- 10.36.3.3** The decision to accept or reject all or part of a VECP is a unilateral decision made solely at the discretion of the Contracting Officer.
- 10.36.4 Sharing.** The TDHE's share of savings is 50 percent of the difference of the Contract savings less any TDHE costs as defined in (b) above. Payment of any share due to the Contractor for use of a VECP on this Contract shall be authorized by a modification to this Contract and shall be calculated by reducing the Contract price by the Contract savings and adding the Contractor's share of savings to the Contract price.

The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (“EPA”) at 40 C.F.R. 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000.00 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000.00; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.
